Anthropology is a broad field with many areas of interest. For general Anthropology degrees or transfer, there are many elective options available in numerous disciplines and students are encouraged to substitute elective courses where applicable. For students with a specific interest, some suggested Anthropology electives are:

- biological focus: ANTH 303, 335, 336, and 370
- archaeology focus: ANTH 303, 321, 333, 334, 335, and 336
- cultural focus: ANTH 319, 330, 333, 334, 335, and 336

EXPLANATION OF CATEGORIES		
Req	Required Core	A course that is required for this program
RE	Restricted Elective	A course selected from a list of elective courses specified for this program in the course list in the catalog, which can be replaced with another course from the same list

- ANTH 301 can be taken at the same time as ANTH 300/480, or in a later semester. Students are encouraged to take ANTH 300/480 as early as possible because ANTH 301 has fewer sections and may be harder to get into. If ANTH 301 is taken in a later semester, it is recommended to take it as soon as possible following the completion of ANTH 300.

Other Notes to Students Preparing to Transfer:

- Many universities require ANTH 341.
- See ASSIST.ORG for the transfer requirements of the institution to which you plan to transfer.
- The CSU system requires every student receiving a bachelor's degree to be knowledgeable about the Constitution of the United States, American history, and state and local government. This requirement is generally known as the American Institutions requirement. Students can complete this requirement at ARC before transferring. See a counselor for a list of approved courses.

Honors Courses (H):

Students with a cumulative GPA of 3.2 or better who complete 15 or more units of Honors coursework earn an Honors Transfer Certificate and can take advantage of honors-to-honors transfer agreements with highly selective colleges and universities, both public and private.

EXPLANATION OF CATEGORIES
