

Geography AA-T Degree - California State University GE Breadth

Geography is the science of place and space. Geographers study the relationships among geographic places, natural systems, society, cultural activities, and the interdependence of all these over space.

Total Units: 58-63

Career

Options/Outlook:

Geographers study the nature and use of areas of the Earth's surface, relating and interpreting interactions of physical and cultural phenomena. Conduct research on physical aspects of a region, including landforms, climates, soils, plants, and animals, and research the spatial implications of human activities within a given area, including social characteristics, economic activities, and political organization, as well as researching interdependence between regions at scales ranging from local to global. **Career opportunities require more than an associate degree.**

A sample of reported job titles:

Earth Observations Chief Scientist (NASA), Environmental Affairs Corporate Director, Geographic Information Systems Analyst (GIS Analyst), Geographic Information Systems Program Director (GIS Program Director), GIS Geographer (Geographic Information Systems Geographer), GIS Physical Scientist (Geographic Information Systems Physical Scientist), Research Coordinator, Scientist, Supervisory Geographer

Projected job openings nationally (2021-2031):

Transfer notes:

Please meet with a counselor for specific transfer course evaluation or transferring to a specific 4-year institution.

With the inclusion of all the suggested courses noted

This map will meet the requirement for the Certificate of Achievement in Field Data Mapping and Geographic Information Systems (GIS). Students can choose 6 units from the following: GEOG 300, GEOG 302, GEOG 310, ANTH 300, ANTH 310, ANTH 323, BIOL 350, BIOL 352, or GEOL 300.

General Education (GE)

Non-specified GE courses identified by CRC Area, CSU Area or IGETC Area without pre- or co-requisite can be taken at any semester.

Honors option:

The CRC Honors Program is designed specifically for academically accomplished students and for students with the potential for high achievement. Students who complete 15 units or more in honors-designated courses will earn special recognition as an Honors Scholar, a distinction that may entitle the student to guaranteed transfer and scholarship opportunities at select transfer colleges and universities.

About this program map:

This program map represents one possible pathway to complete the program. Please see a counselor to create an education plan customized to meet your needs. This map is not a guarantee of course availability or financial aid applicability.

Zero Textbook Costs (ZTC):

The Zero Textbook Costs designation and logo are added to any course that provides free access to all required instructional materials. These are typically shared with students through Canvas. Courses that are designated as ZTC may still require students to purchase supplemental materials such as lab coats, a calculator, art supplies, etc. See full definitions and searching tips on the [Zero Textbook Costs page](#) of the college website.
