

Veterinary Technology Certificate

This certificate is designed for students with three years of verifiable full-time experience working as an unregistered veterinary assistant. Upon completion of this certificate program, and three years of documented clinical experience, the students will be fully eligible to take the Veterinary Technician National Exam (VTNE) and the California Veterinary Technician Exam (CVTE) to pursue licensure as a Registered Veterinary Technician.

Enrollment Eligibility-Students must have achieved the following:

- High school graduate (or equivalent, i.e., GED).
- Completion of BIOL 400, BIOL 440, **and** CHEM 400 or 305 with a grade of "C" or better.
- It is strongly recommended that incoming students have experience volunteering or working in a veterinary setting.

Total Units: 50

First Year

Semester 1-Program Prerequisites 5 Units

COURSE	UNITS	PRE-REQS [^]	SEMESTERS OFFERED*
CHEM 305¹ Z Introduction to Chemistry or	5	Elementary Algebra or higher	F, S, Su
CHEM 400¹ Z General Chemistry I	5	Elementary Algebra and CHEM 300, 305, 309 or 1 year of HS Chem with lab	F, S, Su

Z At least one section of this course is offered with free textbooks and is labeled as zero textbook costs (ZTC). If it is a GE area class or elective, there may be several ZTC offerings to fulfill the GE requirement. Use the Free Textbook filter to find these courses. Learn more on the [ZTC page of the college website](#).

¹ Program pre-req; suggestion-complete this during summer semester.

Semester 2

9 Units

Career Options/Outlook:

Veterinary Technicians perform medical tests in a laboratory environment to treat and diagnose diseases in animals. Prepare vaccines and serums for the prevention of diseases. Prepare tissue samples, take blood samples, and execute laboratory tests, such as urinalysis and blood counts. Clean and sterilize instruments and materials and maintain equipment and machines. May assist a veterinarian during surgery.

A sample of reported job titles:

Certified Veterinary Technician (CVT), Emergency Veterinary Technician, Internal Medicine Veterinary Technician, Licensed Veterinary Technician (LVT), Medical Technologist, Registered Veterinary Technician (RVT), Veterinary Assistant, Veterinary Laboratory

VT 131 Introduction to Diagnostic Imaging	3	VT 120 & VT 122	S

The CRC Honors Program is designed specifically for academically accomplished students and for students with the potential for high achievement. Students who complete 15 units or more in honors-designated courses will earn special recognition as an Honors Scholar, a distinction that may entitle the student to guaranteed transfer and scholarship opportunities at select transfer colleges and universities.

About this program map:

This program map represents one possible pathway to complete the program. Please see a counselor to create an education plan customized to meet your needs. This map is not a guarantee of course availability or financial aid applicability.

Notification of acceptance to the program

Applicants will be notified by the end of June. Admission is based on a random lottery process from among the qualified applicants. Only students who meet the educational and pre-veterinary technology requirements, and follow the pre-enrollment procedures will be considered for the program. Meeting all the requirements does not guarantee acceptance into the program.

Zero Textbook Costs (ZTC):

The Zero Textbook Costs designation and logo are added to any course that provides free access to all required instructional materials. These are typically shared with students through Canvas. Courses that are designated as ZTC may still require students to
