Notes:

Artificial Intelligence and Machine
Learning certificate focuses on
building machine learning models that
can be used for predicting, making
decisions and enhancing human
capabilities. The program provides
opportunities to develop the necessary
skills and basic aptitudes in Artificial
Intelligence and Machine Learning that
is required in different fields including
the information technology,
automotive, healthcare, aerospace,
industrial, and manufacturing
industries.

Zero Textbook Costs (ZTC):

The Zero Textbook Costs designation and logo are added to any course that provides free access to all required instructional materials. These are typically shared with students through Canvas. Courses that are designated as ZTC may still require students to purchase supplemental materials such as lab coats, a calculator, art supplies, etc. See full definitions and searching tips on the Zero Textbook Costs page of the college website.
