

Horticulture, Sustainable Irrigation and Water Management Technology Certificate

This certificate concentrates on those courses that develop the knowledge, skills, and attitudes essential to designing, installing, and managing water-efficient irrigation systems compliant with current California state and local ordinances. Students can become Qualified Water Efficient Landscaper (QWEL) certified through this certificate program. QWEL is an EPA WaterSense Partnership program.

Total Units: 14.5-18

First Year

Semester 1

3 Units

COURSE	UNITS	PRE-REQS^	SEMESTERS OFFERED*
HORT 300 Introduction to Horticulture	3		F, S

Honors option:

The CRC Honors Program is designed specifically for academically accomplished students and for students with the potential for high achievement. Students who complete 15 units or more in honors-designated courses will earn special recognition as an Honors Scholar, a distinction that may entitle the student to guaranteed transfer and scholarship opportunities at select transfer colleges and universities.

About this program map:

This program map represents one possible pathway to complete the program. Please see a counselor to create an education plan customized to meet your needs. This map is not a guarantee of course availability or financial aid applicability.

Zero Textbook Costs (ZTC):

The Zero Textbook Costs designation and logo are added to any course that provides free access to all required

instructional materials. These are typically shared with students through Canvas. Courses that are designated as ZTC may still require students to purchase supplemental materials such as lab coats, a calculator, art supplies, etc. See full definitions and searching tips on the [Zero Textbook Costs page](#) of the college website.
